Provide 2020-2021 academic year costs of attendance for the following categories that are applicable to your institution.

G1. Undergraduate full-time tuition, required fees, room and board

(If costs vary by class, provide Freshman costs.)

List the typical tuition, required fees, and room and board for a full-time undergraduate student for the **FULL 2020-2021** academic year (30 semester hours or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits). A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters, two trimesters, three quarters, or the period covered by a four-one-four plan. Room and board is defined as double occupancy and 19 meals per week or the maximum meal plan.

Required fees include only charges that all full-time students must pay that are not included in tuition (e.g., registration, health, or activity fees). Do not include optional fees (e.g., parking, laboratory use). Do not include freshmen orientation fees.

[Required fees should not include application fee.]

Include aid awarded to international students (i.e., those not qualifying for federal aid). **Aid that is non-need-based but that was used to meet need should be reported in the need-based aid column.** (For a suggested order of precedence in assigning categories of aid to cover need, see the entry for "non-need-based scholarship or grant aid" in the definitions section above.)

H1A. Distribution of Institutional Aid Awarded to Enrolled Undergraduates

Questions H1A a), b), and c) below are being asked for purposes of the AGB/NACUBO Looking Under the Hood online benchmarking tool. No data descriptive of individual institutions elicited from these questions will be made public by AGB, NACUBO, or The College Board. Please address any inquiries or concerns about these questions to NACUBO.Research@nacubo.org. In providing percentages for questions H1A a), H1A b), and H1A c) below, first determine **Total Undergraduate Institutional Scholarships/Grants Dollars**. This total, used in all three questions, is the sum of the two values populating the need-based and non-need-based institutional aid cells in the third line of the Common Data Set (CDS) H1 chart included in this survey. Also, for all three questions, use the academic reporting year selected in CDS H1.

a) Provide percentage of **Total Undergraduate Institutional Scholarships/Grants Dollars** awarded to degree-seeking undergraduates by Race/Ethnicity categories shown below. These categories are based on the CDS B2 chart included in this survey.

(a) Nonresident aliens	<u>14%</u>
(b) Hispanic/Latino (all races)	<u>18%</u>
(c) Black or African American, non-Hispanic	<u>9%</u>
(d) White, non-Hispanic	<u>44%</u>
(e) American Indian or Alaska Native, non-Hispanic	<u>0%</u>
(f) Asian, non-Hispanic	<u>2%</u>
(g) Native Hawaiian or other Pacific Islander, non-Hispanic	<u>0%</u>
(h) Two or more races (non-Hispanic)	<u>2%</u>
(i) Race and/or Ethnicity unknown	<u>11%</u>
(j) Total (lines (a) thru (i) should sum to 100%)	<i>100 %</i>

b) Provide percentage of Total Undergraduate Institutional Scholarships/Grants Dollars awarded to students by income level in the following income categories as defined by the IPEDS Student Financial Aid (SFA) survey. To assign the income category of the student, use the income that was used by your financial aid office to determine the student's Expected Family Contribution (EFC). For dependent students, this will include the parents adjusted gross income and the student's adjusted gross income. For independent students, this will include the student's adjusted gross income. Assign students who did not apply for financial aid to the "Missing/Unknown" category.

(a) \$0 to \$30,000	<u>44%</u>
(b) \$30,001 to \$48,000	<u>5%</u>
(c) \$48,001 to \$75,000	<u>3%</u>
(d) \$75,001 to \$110,000	<u>2%</u>
(e) \$110,001 and over	<u>4%</u>
(f) Missing/Unknown	<u>42%</u>
(g) Total (lines (a) thru (f) should sum to 100%)	<i>100 %</i>

c) Below, you'll be asked to provide the percentage of Total Undergraduate Institutional Scholarships/Grants Dollars awarded that are Endowed Scholarships. To calculate, add the Total Undergraduate Institutional Need-Based Endowed Scholarships awarded (including Non-Need-Based Endowed Scholarships used to meet need) to the Total Undergraduate Institutional Non-Need-Based Endowed Scholarships (excluding Non-Need-Based Endowed Scholarships used to meet need). To conclude the percentage calculation, divide the Total Undergraduate Endowed Scholarship Dollars just calculated by the Total Undergraduate Institutional Scholarships/Grants Dollars.

Provide percentage of Total Undergraduate Institutional Scholarships/Grants Dollars awarded that are Endowed Scholarships. 1%

H2. Number of Enrolled Students Awarded Aid

List the number of degree-seeking full-time and less-than-full-time undergraduates who applied for and were awarded financial aid from any source. **Aid that is non-need-based but that was used to meet need should be counted as need-based aid.** Numbers should reflect the cohort awarded the dollars reported in H1.

H3. Student aid and college costs

Numbers should reflect the cohort to which responses in H1, H2, and H2a refer. Data from these three questions (as well as responses in CDS B1, CDS G1, and CDS H1) will be used by the College Board for its annual reports on aggregate amounts of student aid, tuition discounting, and college costs. These reports do not refer to institutions by name; data are presented in categories such as 4-year private, 4-year public, etc., so that individual institution data cannot be identified.

I. INSTRUCTIONAL FACULTY AND CLASS SIZE

I-1. Please report the number of instructional faculty members in each category for Fall 2019. Include faculty who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP.

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Part-time
(a) instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or pre-doctoral fellows	Exclude	Include only if they teach one or more non-clinical credit courses
(b) administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status	Exclude	Include if they teach one or more non-clinical credit courses
(C) other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include
(d) undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude	Exclude
(e) faculty on sabbatical or leave with pay	Include	Exclude
(f) faculty on leave without pay	Exclude	Exclude
(g) replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

Full-time instructional faculty: faculty employed on a full-time basis for instruction (including those with released time for research)

Part-time instructional faculty: Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. I-2. Student to Faculty Ratio

Report the **Fall 2019** ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate level students. Do not count undergraduate or graduate student teaching assistants as faculty.

Fall 2019 Student to Faculty ratio: 18 to 1 (based on 2,841 FTE students and 162 FTE faculty).

I-3. Undergraduate Class Size

In the table below, please use the following definitions to report information about the size of classes and class sections offered in the **Fall 2019** term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of *class sections* and *class subsections* offered in **Fall 2019**. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the “100+” column in the class section column and 40 times under the “20-29” column of the class subsections table.

J. DEGREES CONFERRED

Degrees conferred between July 1, 2018 and June 30, 2019

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.

Need-based scholarship or grant aid: Scholarships and grants from institutional, state, federal, or other sources for which a student must have financial need to qualify.

Need-based self-help aid: Loans and jobs from institutional, state, federal, or other sources for which a student must demonstrate financial need to qualify.

Non-need-based scholarship or grant aid: Scholarships and grants, gifts, or merit-based aid from institutional, state, federal, or other sources (including unrestricted funds or gifts and endowment income) awarded solely on the basis of academic achievement, merit, or any other non-need-based reason. When reporting questions H1 and H2, non-need-based aid that is used to meet need should be counted as need-based aid.

Note: Suggested order of precedence for counting non-need money as need-based:

Non-need institutional grants
Non-need tuition waivers
Non-need athletic awards

Non-need federal grants
Non-need state grants
Non-need outside grants
Non-need student loans
Non-need parent loans
Non-need work

Non-need-based self-help aid: Loans and jobs from institutional, state, or other sources for which a student need not demonstrate financial need to qualify.

Private student loans: A nonfederal loan made by a lender such as a bank, credit union or private lender used to pay for up to the annual cost of education, less any financial aid received.

Work study and employment: Federal and state work study aid, and any employment packaged by your institution in financial aid awards.
